

Have fun reading this and may this be a warning to never do osint challenges. If you do, be prepared to mald.

Shrek's Lover

Summarized solution:

Shrek's Lover (378pts) - 39 solves
by Franfrancisco9#0105

Description

Hello I am Shrek's wife and I need some help. I suspect my husband has been doing me wrong. All i know is he seems to be working way too much on this new job that he just announced on his work social media! When I contact him something seems off... Look for Shrek Appendix and help me find proof!

- 1) From this, we can conclude that shrek has a new job and has a work social media account, which can only mean linkedin. To which, we find this <https://www.linkedin.com/in/shrek-appendix/>
- 2) Under his contact info, you can find his email. shrek4pp3nd1x@gmail.com

Shrek Appendix X

Contact Info

 Shrek's Profile
linkedin.com/in/shrek-appendix

 Email
shrek4pp3nd1x@gmail.com

- 3) Send an email to him. (Yes, you heard me right)

The screenshot shows two separate emails side-by-side.

Email 1: From "Shrek Appendix" (orange 'S' icon) to "me" (dropdown). The message content is:

Hello there,
I see you are trying to reach me! If you are my wife I am at work! If not, then better say the same...
You can confirm by checking my Github - [ShrekTheWorkingLikeCrazyGreenThing](https://github.com/ShrekTheWorkingLikeCrazyGreenThing)
Thank you for your time,

Email 2: From "bruce wayne <wobushibianfuxia@gmail.com>" (orange 'b' icon) to "Shrek" (dropdown). The message content is:

i hate u

- 4) Find the github. <https://github.com/ShrekTheWorkingLikeCrazyGreenThing>
Usually for this github related stuff, check the commits since they are public and also look out for metadata since they can hide some funny stuff within them.

The screenshot shows a GitHub search results page with the query "shrek".

The search bar contains "shrek". Below it, the search results are displayed:

- ShrekTheWorkingLikeCrazyGreenThing/**ShrekTheWorkingLikeCrazyGreenThing**
- sherlock-project/sherlock**

An "All GitHub" button is visible on the right side of the search bar.

(Note : I already found the github, that's why it was already there)

- 5) After doing some basic snooping around, you will find some very suspicious things such as shrek's taste in women.

My experience:

Pain and absolute clownery:

The challenge description mentioned shreks appendix so i decided to do some snooping around on social media. I checked Instagram first and happened to find this.

One can easily tell that this account belongs to shreks wife, now let's take a look into the comments of her first post.

So over here, we have a lead of #okinawa + something else will lead us to the japanese photographer who i assumed was the person he was cheating with. (yes... I know...)

Dumbass me decided to follow the fake lead and started to research about mangrove forest in Okinawa, hence finding out about Gesashi Bay.

Gesashi Bay's Mangrove Forest

●●●● 104 • #1 of 16 things to do in Higashi-son • Nature & Wildlife Areas

I went on instagram to comb for every single #Okinawagesashibay or sth like that. Not being able to find shit, I decided to try other methods such as linkedin since they mentioned a work social media account. I checked out linkedin and found the account but it seemed legit because they have 11 years of work experience. (I don't really know how linkedin works...)

Experience

The Swamp Master @ shrek4pp3nd1x@gmail.com
DreamWorks Animation · Full-time
Jan 2011 – Present · 11 yrs

After 6 hours of looking through Instagram hashtags, I gave up on that shit. It was then when I clarified with the admins that I realized that (Get ready to laugh) this challenge doesn't even need instagram. Then that's when I decided to follow the swamp master lead.

I got into another dead end again after using ghunt on his email. So I decided to email him for no reason and that's when I started going on the right track.

A meme to summarize this challenge:

Shrek's second lover

Summarized solution:

Shrek's Second Lover (433pts) - 29 solves
by Franfrancisco9#0105

Description

Thank you for the help on that, now I am sure something is up and has been for some time! I need to check if all that swamp obsession he has is not also a cover! I am terrible with technology so I never check any of his social media or anything.

Note: Info from **Shrek's Lover** challenge can be used for this one. You are advised to solve that one first.

- 1) From the challenge description, we found out that shrek's wife never checks his social media and also challenge one's info can be used here.
- 2) Do some basic snooping on Instagram and you can find his wife's account and the comments.

iloveshrekappendix • Follow ...

iloveshrekappendix This where the fake lover and I use to go :(2w

iloveshrekappendix It was in a great island in japan! 2w 1 like Reply ...

iloveshrekappendix I bet he still has our photo taken by the japanese photographer somewhere around instagram 2w 1 like Reply ...

iloveshrekappendix ah there was even a weird hashtag like with #okinawa + some other location that I do not remember sadly :(but the weird thing is it was on a mangrove forest ??? not a swamp? weird 2w 1 like Reply ...

- 3) Find out about Okinawa mangrove forest on google which leads you to Iriomote islands.

4) Search #Okinawairiomoto on instagram

The image shows the Instagram search results for the hashtag #okinawairiomote. At the top is a circular profile picture featuring characters from the movie Shrek, including Fiona, Donkey, and Shrek himself, set against a background of a castle and fire. To the right of the profile picture is the hashtag #okinawairiomote and a blue 'Follow' button. Below the profile picture, the text 'Top posts' is visible. Three thumbnail images are displayed: 1) A promotional image for the movie Shrek, featuring the main characters in a fiery setting with Japanese text overlaid. 2) A photograph of a white cat figurine standing on a sandy beach. 3) A photograph of a band performing live on a beach at night under palm trees.

5) And there's the flag.

The image shows two comments on an Instagram post. The first comment is from a user with a profile picture of a white circle containing a smaller white circle. The text of the comment is 'japnesephographerofswamps They did not pay me enough #okinawairiomote' and it is timestamped '2w'. The second comment is from a user with a profile picture of a white circle containing a smaller white circle. The text of the comment is 'iloveshrekappendix Ah lol I found it! idek{s0_w3_h4t3_shr3k_n0w?}' and it has a small heart emoji next to it.

OR

3) Be a gigachad and just search japnesephographer on instagram and that account is the first thing to appear.
